A Short History of Drunkenness traces humankind's love affair with booze from our primate ancestors through to Prohibition, answering every possible question along the way: What did people drink? How much? Who did the drinking? Of the many possible reasons, why?

**A Short History of Drunkenness: Amazon.co.uk: Forsyth** **---**

A Short History of Drunkenness lives up to its name. You could easily read the whole book in one sitting or simply enjoy it in short bursts, as each chapter pretty much stands alone to describe how different cultures experience booze. Forsyth uses a conversational and often sarcastic tone, full of British slang.

A popular history of getting soused. Language historian Forsyth (The Elements of Eloquence, 2014, etc.) assembles a brisk, witty, and roughly chronological précis on drinking cultures and practices around the world since the earliest fizzle of fermentation. Using humor to skim over the violence and sadness of alcohol abuse, the author specializes in snappy summaries and choice anecdotes about the weird and obsessive customs that people have created around the process of getting drunk, with ...

From the internationally bestselling author of The Etymologicon, a lively and fascinating exploration of how, throughout history, each civilization has found a way to celebrate, or to control, the eternal human drive to get sloshed ▯An entertaining bar hop though the past 10,000 years.▯▯The New York Times Book Review Almost every culture on earth has drink, and where there's drink there's drunkenness. But in every age and in every place drunkenness is a little bit different. It can be religious, it can be sexual, it can be the duty of kings or the relief of peasants. It can be an offering to the ancestors, or a way of marking the end of a day's work. It can send you to sleep, or send you into battle. Making stops all over the world, A Short History of Drunkenness traces humankind's love affair with booze from our primate ancestors through to the twentieth century, answering every possible question along the way: What did people drink? How much? Who did the drinking? Of the many possible reasons, why? On the way, learn about the Neolithic Shamans, who drank to communicate with the spirit world (no pun intended), marvel at how Greeks got giddy and Sumerians got sauced, and find out how bars in the Wild West were never quite like in the movies. This is a history of the world at its inebriated best.

Marvel at how Greeks got giddy and Romans got wrecked, and find out how bars in the Wild West were never quite like in the movies. A Short History of Drunkenness traces humankind's love affair with booze from our primate ancestors through to prohibition. --

Almost every culture on earth has drink, and where there's drink there's drunkenness. But in every age and in every place drunkenness is a little bit different. It can be religious, it can be sexual, it can be the duty of kings or the relief of peasants. It can be an offering to the ancestors, or a way of marking the end of a day's work. It can send you to sleep, or send you into battle. A Short History of Drunkenness traces humankind's love affair with booze from our primate ancestors through to Prohibition, answering every possible question along the way: What did people drink? How much? Who did the drinking? Of the many possible reasons, why? On the way, learn about the Neolithic Shamans, who drank to communicate with the spirit world (no pun intended), marvel at how Greeks got giddy and Romans got rat-arsed, and find out how bars in the Wild West were never quite like in the movies. This is a history of the world at its inebriated best.

A spirited look at the history of alcohol, from the dawn of civilization to the modern day Alcohol is a fundamental part of Western culture. We have been drinking as long as we have been human, and for better or worse, alcohol has shaped our civilization. Drink investigates the history of this Jekyll and Hyde of fluids, tracing mankind's love/hate relationship with alcohol from ancient Egypt to the present day. Drink further documents the contribution of alcohol to the birth and growth of the United States, taking in the War of Independence, the Pennsylvania Whiskey revolt, the slave trade, and the failed experiment of national Prohibition. Finally, it provides a history of the world's most famous drinks-and the world's most famous drinkers. Packed with trivia and colorful characters, Drink amounts to an intoxicating history of the world.

In DRINKING IN AMERICA, bestselling author Susan Cheever chronicles our national love affair with liquor, taking a long, thoughtful look at the way alcohol has changed our nation's history. This is the often-overlooked story of how alcohol has shaped American events and the American character from the seventeenth to the twentieth century. Seen through the lens of alcoholism, American history takes on a vibrancy and a tragedy missing from many earlier accounts. From the drunkenness of the Pilgrims to Prohibition hijinks, drinking has always been a cherished American custom: a way to celebrate and a way to grieve and a way to take the edge off. At many pivotal points in our history-the illegal Mayflower landing at Cape Cod, the enslavement of African Americans, the McCarthy witch hunts, and the Kennedy assassination, to name only a few- alcohol has acted as a catalyst. Some nations drink more than we do, some drink less, but no other nation has been the drunkest in the world as America was in the 1830s only to outlaw drinking entirely a hundred years later. Both a lively history and an unflinching cultural investigation, DRINKING IN AMERICA unveils the volatile ambivalence within one nation's tumultuous affair with alcohol.

Unauthorized guide to the underpinnings of the English language.

From Mark Forsyth, the author of the #1 international bestseller, The Etymologicon, comes a book of weird words for familiar situations. The Horologicon (or book of hours) contains the most extraordinary words in the English language, arranged according to what hour of the day you might need them. Do you wake up feeling rough? Then you're philogrobolized. Find yourself pretending to work? That's fudgelling. And this could lead to rizzling, if you feel sleepy after lunch. Though you are sure to become a sparkling deipnosobbist by dinner. Just don't get too vinomadefied; a drunk dinner companion is never appreciated. From ante-jentacular to snudge by way of quafftide and wamblecropt, at last you can say, with utter accuracy, exactly what you mean.

Mark Forsyth ▯ author of the Sunday Times Number One bestseller The Etymologicon ▯ reveals in this essay, specially commissioned for Independent Booksellers Week, the most valuable thing about a really good bookshop. Along the way he considers the wisdom of Donald Rumsfeld, naughty French photographs, why Elizabeth Bennet and Mr Darcy would never have met online, and why only a bookshop can give you that precious thing ▯ what you never knew you were looking for.

The unpredictable origins and etymologies of our cracking Christmas customs For something that happens every year of our lives, we really don't know much about Christmas. We don't know that the date we celebrate was chosen by a madman, or that Christmas, etymologically speaking, means "Go away, Christ". Nor do we know that Christmas was first celebrated in 243 AD on March 28th - and only moved to 25th December in 354 AD. We're oblivious to the fact that the advent calendar was actually invented by a Munich housewife to stop her children pestering her for a Christmas countdown. And we would never have guessed that the invention of crackers was merely a way of popularising sweet wrappers. Luckily, like a gift from Santa himself, Mark Forsyth is here to unwrap this fundamentally funny gallimaufy of traditions and oddities, making it all finally make sense - in his wonderfully entertaining wordy way.

'Exquisite' - Fearnle Cotton 'The kind of book that changes lives, and very possibly saves them' - LANCET PSYCHIATRY 'Stone cold sober.' Sounds horrible, doesn't it? Hard, icy. Brrrrr. No bloody ta. However, as the millions who choose to stay sober now know, the propaganda around drinking and sobriety is wonky. Sober doesn't feel stony, or cold. Retired wreckhead Catherine Gray, author of surprise bestseller The Unexpected Joy of Being Sober, is now in her eighth sober year and has learnt a damn sight more. This hotly anticipated sequel enlists the help of experts and case studies, turning a curious, playful gaze onto provocative questions. Is alcohol a parenting aid? Why are booze and cocaine such a horse and carriage? Once an addict, always an addict? How do you feel safe - from alcohol, others and yourself - in sobriety? Whether you're a dedicated boozehound, flirting with teetotaling, or already sober, this witty, gritty read may just change how you think about alcohol forever. Praise for The Unexpected Joy of Being Sober: "Fascinating" - Bryony Gordon "Truthful, modern and real" - Stylist "Brave, witty and brilliantly written" - Marie Claire "Gray's tale of going sober is uplifting and inspiring" - Evening Standard "Not remotely preachy" - The Times 'Jaunty, shrewd and convincing' - The Telegraph 'Admirably honest, light, bubbly and remarkably rarely annoying' - Guardian 'An empathetic, warm and hilarious tale from a hugely likeable human' - The Lancet Psychiatry
