Thermomix® - Vorwerk

Reflecting a growing interest in consumption practices, and particularly relating to food, this cross disciplinary volume brings together diverse perspectives on our (often taken for granted) domestic mealtimes. By unpacking the meal as a set of practices - acquisition, appropriation, appreciation and disposal - it shows the role of the market in such processes by looking at how consumers make sense of marketplace discourses, whether this is how brand discourses influence shopping habits, or how consumers interact with the various spaces of the market. Revealing food consumption through both material and symbolic aspects, and the role that marketplace institutions, discourses and places play in shaping, perpetuating or transforming them, this holistic approach reveals how consumer practices of ∫the meal∫, and the attendant meaning-making processes which surround them, are shaped. This wide-ranging collection will be of great interest to a wide range of scholars interested in marketing, consumer behaviour and food studies, as well as the sociology of both families and food.

The James Beard-nominated food writer revamps the slow cooker for the modern home cook, providing ingenious ideas and more than 100 delicious recipes for maximizing this favorite time-saving kitchen appliance and making it easier than ever to use. Sarah DiGregorio shares the nostalgia most of us feel when it comes to slow cookers. Her first memory of slow-cooker cooking is her grandmother's pot roast. While these handy devices have been time savers for incredibly busy lives, traditional slow cooker food is sometimes underwhelming. Now, Sarah, an experienced food professional, has reinvented slow cooking for a generation that cooks for fun and flavor, taking a fresh approach to reclaim this versatile tool without sacrificing quality or taste. For Sarah, it's not just about getting dinner on the table;it's about using a slow cooker to make fabulous dinners like herb oil poached shrimp or the most perfect sticky toffee pudding for dessert. It's about rethinking how to use this magic appliance,such as throwing a biryani dinner party with the slow cooker at the center of the table. Showcasing a beautiful, engaging design, inviting color photographs, and 105 original, innovative recipes thoroughly tested in a variety of brands of slow cookers, Adventures in Slow Cooking provides a repertoire of delicious food for any time of day. Part culinary adventure, part serious cookbook, Sea and Smoke chronicles the plucky ambition of a young chef to establish a world-class dining destination in an unlikely place. A native of the Pacific Northwest, two-time James Beard winning chef Blaine Wetzel saw Lummi Island, a rugged place with fewer than 1,000 residents off the coast of Seattle, as the ideal venue for his unique brand of hyperlocalism. Sea and Smoke is a culinary celebration of what is good, flavorful, and nearby, with recipes like Herring Roe on Kelp with Charred Dandelions and Smoked Mussels creating an intimate relationship between the food and landscape of the Pacific Northwest. The smokehouse, the fisherman, and the farmer yield the ingredients for unforgettable meals at The Willows Inn, a reflection of Wetzel's commitment both to locally-sourced ingredients and the sights, smells, and tastes of the foggy, coastal environment of Lummi Island. Award-winning journalist Joe Ray tells the tale of the Inn's rise to stardom, documenting how all the pieces came together to make a reservation at Wetzel's remote restaurant one of the most sought-after in the world.
