Ligature cursive is a form of cursive that connects the beginning and ending letters of words together with lines, with the result being that one barely has to lift their writing tool between letters. Italic cursive is a form of cursive that uses almost no looped joins. There are no joins between the letters G, Q, J, or Y in Italic cursive.

~~How To Write A Cursive Capital J | Science Trends~~

Cursive is any style of penmanship in which some characters are written joined together in a flowing manner, generally for the purpose of making writing faster, in contrast to block letters. Formal cursive is generally joined, but casual cursive is a combination of joins and pen lifts. The writing style can be further divided as "looped", "italic" or "connected". The cursive method is used with many alphabets due to infrequent pen lifting and beliefs that it increases writing speed. In some alph
