SEX IN HISTORY chronicles the pleasures- and perils- of the flesh from the time of mankind's distant ancestors to the modern day; from a sexual act which was bried, crude and purposeful, to the myriad varieties of contemporary sexual mores. Reay Tannahill's scholarly, yet accessible study ranges from the earliest form of contraception (one Egyptian concoction included crocodile dung) to some latter- day misconceptions about it- like the men who joined their lovers in taking the pill 'just to be on the safe side.' It surveys all

manner of sexual practice, preference and position (the acrobatic 'wheelbarrow' position, the strenuous 'hovering butterflies' position...) and draws on sources as diverse as THE ADMIRABLE DISCOURSES OF THE PLAIN GIRL, the EXHIBITION OF FEMALE FLAGELLANTS, IMPORTANT MATTERS OF THE JADE CHAMBER and THE ROMANCE OF CHASTISEMENT. Whether writing on androgyny, courtly love, flagellation or zoophilia, Turkish eunuch's Greek dildoes, Taoist sex manuals or Japanese geisha girls, Reay Tannahill is consistently enlightening and entertaining.

A superb historical novel about Richard III, the notorious hunchback king whose burial site was recently uncovered, which will appeal to fans of Josephine Tey's THE DAUGHTER OF TIME, Philippa Gregory's THE KINGMAKER'S DAUGHTER, and readers of Hilary Mantel. At the heart of this stunning novel is the complex human being known to history as Richard III, a king whose reign is darkened by the murder of the young Princes in the Tower, but who also found a touching love with the woman he married, and possessed immense courage. As goes the old adage 'history is written by the victors', so Richard III's own story was corrupted by the spokesman of the Tudor regime, William Shakespeare. And yet here is a man who inspired loyalty and hatred in almost equal measure, until at last the implacable enmity of one woman brought about his downfall. In this classic novel, the paradox of England's most enigmatic king is vividly brought to life. It is a family drama in the grand tradition, a tale of brother against brother, cousin against cousin, of love, hate and intrigue, of women inescapably entangled in the fates of their men, and of a mystery that has exercised people's minds for more than five hundred years.

Food and drink.

In *Fatal Majesty*, critically acclaimed novelist Reay Tannahill immerses readers in the tragedy of Mary, Queen of Scots-but this is not a conventional retelling of a fascinating yet familiar tale. Eighteen-year-old Mary returns from the sophisticated French court to claim her throne in cold, backward Scotland. A gloomy reception proves least among the na?ve young monarch's challenges: her arrival provides the opportunity for smoldering vendettas to explode and for intricate conspiracies to form and then unravel-intrigue besets her on every side. Mary's self-righteous brother, James, seeks to rule in her place; her brilliant Secretary of State, Lethington, dedicates his energies to placing the Stuarts on the throne of England; and her cousin, Elizabeth I, dazzling and unscrupulous, fears Mary as a threat to her crown and to her life. Mingling a poet's passion with an historian's insight, Tannahill chronicles an era of easy violence, desperate action, and grand conspiracy. In *Fatal Majesty*, masterful characterization combines with lightning pace and classic plotting to deliver a tragic romantic saga with all the complexity of a major political thriller.

A riveting narrative history of food as seen through 100 recipes, from ancient Egyptian bread to modernist cuisine. We all love to eat, and most people have a favorite ingredient or dish. But how many of us know where our much-loved recipes come from, who invented them, and how they were originally cooked? In *A HISTORY OF FOOD IN 100 RECIPES*, culinary expert and BBC television personality William Sitwell explores the fascinating history of cuisine from the first cookbook to the first cupcake, from the invention of the sandwich to the rise of food television. A book you can read
