product.

Hitt ' s engaging book will help managers understand the linkage between managing behavior effectively and the organisation ' s ability to formulate and implement its strategy. It emphasises the relationship between management effectiveness and company performance. A case study on Whole Foods is integrated throughout the chapters and covers all major organisational behavior topics. It also underscores how people are important assets to organisations, and how application of their knowledge and skills is necessary for organisations to accomplish their goals. Managers will gain the skills to make a strategic impact within their organisations.

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction

between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution

and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work,

as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Prepare to think and act like a successful manager with the powerful insights, proven concepts and reader-friendly approach found in

Organizational Behavior: For a Better Tomorrow, 2nd Edition is a unique, blended approach to the subject, combining traditional core competencies with contemporary research and innovative practices. The textbook 's distinctive dual presentation integrates “conventional” and “sustainable” organizational behavior (OB) to help students understand how creativity, collaboration, and ethical decision-making can positively impact people, organizations, and entire communities. This fully-updated second edition provides a balanced, real-world approach that strengthens critical thinking skills, enables students to explore the rationale for sustainable OB practices, and illustrates and how values and ethics influence business decisions in the real world. Rather than focusing only on the short-term, bottom-line approach of traditional OB, the text discusses a comprehensive range of topics, from current trends in
