Photoshop Elements 4: The Missing Manual, is for any photographer interested in learning the right editing techniques for producing and sharing beautiful digital photography.

Photoshop Elements 4: The Missing Manual covers the Windows version of the software only. When we published the book, there was no Mac version of the software (as there is now), and for various reasons, we've been unable to update this edition to include the Mac version.

Nonetheless, if you're on a Mac, you can use this book. Just substitute Command
