“Like Curt Flood and Oscar Robertson, who paved the way for free agency in sports, Ed O’Bannon decided there was a principle at stake... when asked to fight the system for players past, present, and future—and seeking no personal financial reward, but rather the chance to make college sports more fair—he agreed to be the face of what became a landmark class-action lawsuit. Court Justice brings readers to the front lines of a critical battle in the long fight for players’ rights while also offering O’Bannon’s unique perspective on today’s NCAA recruiting scandals. From the basketball court to the court of law facing NCAA executives, athletic directors, and “expert” witnesses; and finally to his innovative ideas for reform, O’Bannon breaks down history’s most important victory yet against the inequitable model of multi-billion-dollar “amateur” sports.
