The complex novels by Virginia Woolf are seen with clarity and coherence in "The Elusive Self," a thorough and detailed literary interpretation by Louise A. Poresky. The result is a reliable map that guides the reader through the nine novels. Adding the wisdom of religion and psychology to her literary criticism, Dr. Poresky demonstrates how Woolf's characters strive to achieve personal wholeness. The quest progresses sequentially through the novels as a major character in each work struggles against certain demons, whether the superficial dictates of society or the voices that say women cannot be artists, and thus realizes

works by Ernest Hemingway, winner of the 1954 Nobel Prize in Literature. Titles in this study guide include A Farewell to Arms, For Whom the Bell Tolls, The Old Man and the Sea, and The Sun Also Rises. As an influential figure of twentieth-century fiction, Hemingway ' s eloquent prose style had a powerful influence on American and British fiction. Moreover, Hemingway portrayed war as a symbol of society and life, as he evoked themes of honor, courage, pain, destruction, and morality throughout his works. This Bright Notes Study Guide explores the context and history of Hemingway ' s classic work, helping students to thoroughly explore the reasons they have stood the literary test of time.

Working through close rhetorical analysis of everything from fiction and journalism to documents and documentaries, this book looks at

# Access Free Novel Worlds

## Dilemma Edwin Berry

How popular memory favors the country Depression over the economic crisis in the nation ' s cities and factories. Over eighty years after it happened, the Depression still lives on in iconic images of country poor whites – in the novels of John Steinbeck, the photographs of Dorothea Lange and Arthur Rothstein, the documentary films of Pare Lorenz and the thousands of share-croppers ' life histories as taken down by the workers of the Federal Writers ' Project. Like the politicians and bureaucrats who accomplished the New Deal ' s radical reforms in banking, social security and labor union law, the artists, novelists and other writers who supported or even worked for the New Deal were idealists, well

to the left of center in their politics. Yet when it came to hard times on the American farm, something turned them into unwitting reactionaries. Though they brought these broken lives of the country poor to the notice and sympathy of the public, they also worked unconsciously to undermine their condition. How and why? Fender shows how the answer lies in clues overlooked until now, hidden in their writing -- their journalism and novels, the "life histories" they ghost wrote for their poor white clients, the bureaucratic communications through which they administered these cultural programs, even in the documentary photographs and movies, with their insistent captions and voice-overs. This

Book is a study of literary examples from in and around the country Depression, and the myths on which they drew.

A comprehensive study guide offering in-depth explanation, essay, and test prep for F. Scott Fitzgerald ' s The Great Gatsby, widely considered to be the highest achievement of Fitzgerald ' s career and a contender for the title of the " Great American Novel. " As the quintessential novel of the Jazz Age, Fitzgerald ' s work serves as both an exquisite portrait of the Roaring Twenties in America and a cautionary tale regarding the American Dream. Acclaimed by generations of readers, the novel continues to embody the American
