Do you know the #1 tax question asked by self-employed people? "What's deductible?" Do you know where to find the answer? Right here. With easy-to-understand, "plain English" explanations, best-selling author Wayne Davies takes you line-by-line through Schedule C and reveals over 101 legitimate tax deductions for sole proprietors. No technical gobbledeygook. No fancy jargon that only a tax lawyer can understand. This book is written for you, the typical self-employed person who needs straightforward, practical advice on what you can deduct that will reduce your taxes, put more of your hard-earned money in your pocket, and allow you to sleep well at night - without any fear of an IRS audit. If you're self-employed (either full-time or part-time) and need help knowing what's deductible, this book is for you. Freelancers, consultants and small businesses of all shapes and sizes will benefit from the no-nonsense information provided. If you're an independent contractor and report your business as a sole proprietorship, you need this book to make sure you're not missing out on the deductions you're entitled to take. SPECIAL BONUS: Included with the book are tax consulting coupons worth \$150. These coupons give you a free 30-minute phone consultation with the author, so you can pick his brain and get answers to any questions you may have about the deductions presented here. Wayne will also do a free confidential review of your most recently filed tax returns (business and personal), to see what deductions you might have missed and to offer advice on what tax strategies to use going forward.

If you're a business owner wanting to learn more about taxes without going through boring textbooks, then keep reading... Benjamin Franklin once said that "in life, only two things are certain: death and taxes." He wasn't exaggerating about the latter. And because you must deal with taxes for as long as you live and earn money, you must get it right every time. Unlike any other infractions or violations, tax-related offenses have major repercussions. At a minimum, you will pay fines and expenses. But if your tax violations are serious, you may end up in jail. Think about this: the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes, but because of tax violations. Hence, you must take your taxes very seriously. So, what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations? There are so many answers to this question, but they can be summed up in one term: tax accounting. And that is what this book is all about. Written with non-accountant entrepreneurs in mind, this book can help you learn important tax accounting principles for ensuring optimal tax management in your business. These include: What tax accounting is. Important tax accounting guidelines. The difference between accounting and bookkeeping. How to claim tax deductions legally. How to choose the right business entity. How to manage payroll tax. Discover if you need an S corporation or a C corporation. And much, much more! By the time you're finished with this book, you'll be armed with sufficient knowledge to ensure proper management of your businesses' income taxes. And while you can never avoid taxes, what you'll learn here can make you and the IRS the best of friends. So, grab your copy of this book now and start your journey towards optimal tax management for your small business.

This unique book explores an overlooked but pivotal truth: Divorce is a financial planning issue. All too often, people willingly enter into marriage without even discussing our investments, obligations, income, budget, or the impact a divorce might have on our financial futures. Why would we taint our special day by talking about money when there are caterers to hire and dicey family dynamics to manage? Both men and women think marriage is supposed to be about trust, love, and romance. And it is. But we are ignoring an important reality. The current divorce rate is about fifty percent. In I Now Pronounce You Financially Fit, Pam Friedman talks about this financial elephant in the room. In marriage, as Friedman explains, it is never too late to protect our money from the financial devastation of divorce. And if divorce is unavoidable, her advice can help us through that too. Pam Friedman uses her twenty-plus years of experience in financial planning and investing to advise us about how to address our finances as couples. By being sensible, informed, and realistic, we can prevent many of the financial problems that cause divorce—or that divorce can cause. Read this book and let Pam Friedman help you discover your happily ever after.

Almost 70% of parents who refuse to vaccinate their children do so because they believe vaccines may cause harm. Indeed vaccines have been blamed for causing asthma, autism, diabetes, and many other conditions most of which have causes that are incompletely understood. Do Vaccines Cause That?! A Guide for Evaluating Vaccine Safety Concerns provides parents with clearly understandable, science-based information about vaccines, immunization, and vaccine safety.

Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahs as well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}
