The Spine of the World was a mountain range that stretched across the northwest region of Faerûn from the Cold Run near the Sea of Moving Ice, to the Ice Spires north of the Silver Marches. Folks all across the lands of the Savage Frontier and the Silver Marches, particularly those in Scornubel, referred to the Spine as "the Wall".

The Spine of the World is an unusual entry in the Legend of Drizzt series in that, except for Drizzt ' s philosophical comments between sections of the book, Drizzt is only included in this book by reference. It is meant to be mostly a tale of Wulfgar ' s continuing recovery from his time in the abyss with the demon Ertu.
