In 1968 University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda. The Teachings of Don Juan enthralled a generation of seekers dissatisfied with the limitations of the Western worldview. Castaneda's now classic book remains controversial for the alternative way of seeing that it presents and the revolution in cognition it demands. Whether read as ethnographic fact or creative fiction, it is the story of

a remarkable journey that has left an indelible impression on the life of more than a million readers around the world.

Provides a structural analysis of the logic system which the author experienced under the influence of peyote and other hallucinogens commonly used by Indian sorcerers

The story of Castaneda's remarkable spiritual journey -- in which he becomes the apprentice of a Yaqui shaman and spiritual warrior named Don Juan -- is a quest to become a "man of knowledge".

Millions of readers of Carlos Castaneda books have long enjoyed the fantastic teachings of don Juan Matus, the Yaqui shaman from northern Mexico. Now, thanks to the practical techniques based on Castaneda's writings offered here by author Victor Sanchez--the body as a field of energy, the not-doings of the personal self, stopping the internal dialogue, the magic of attention, setting up dreaming, the warrior's greatest love, and more--you can apply these teachings to your everyday life.

Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten years after his first encounter with the shaman, Castaneda examines his

field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. Journey to Ixtlan introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and shares with us what it is like to truly "stop the world" and perceive reality on his own terms.

Carlos Castaneda takes the reader into the very heart of sorcery, challenging both imagination and reason, shaking the very foundations of our belief in what is "natural" and "logical." In 1961, a young anthropologist subjected himself to an extraordinary apprenticeship with Yaqui Indian spiritual leader don Juan Matus to bring back a fascinating glimpse of a Yaqui Indian's world of "non-ordinary reality" and the difficult and dangerous road a man must travel to become "a man of knowledge." Yet on the brink of that world, challenging to all that we believe, he drew back. Then in 1968, Carlos Castaneda returned to Mexico, to don Juan and his hallucinogenic drugs, and to a world of experience no man from our Western civilization had ever entered before.

Millions of readers worldwide have treasured the visionary brilliance of Carlos Castaneda, who first explore the world of the Yaqui Indian sorcerer in *The Teachings of don Juan*. Now, at last, don Juan returns in *The Power of Silence* -- wise, infuriating, capable of working miracles and playing practical jokes, but always seeking the wisdom of the warrior. *The Power of Silence* is

Castaneda's most astonishing book to date -- a brilliant flash of knowledge that illuminates the far reaches of the human mind. Through don Juan's mesmerizing stories, the true meaning of sorcery and magic is finally revealed. Honed in the desert of Sonora, the visions of don Juan give us the vital secrets of belief and self-realization that are transcendental and valid for us all. It is Castaneda's unique genius to show us that all wisdom, strength, and power lie within ourselves -- unleashed with marvelous energy and imaginative force in the teachings of don Juan -- and in the writings of his famous pupil, Carlos Castaneda

Don Juan concludes the instruction of Castaneda with his most powerful and mysterious lesson in the sorcerer's art—a dazzling series of visions that are at once an initiation and a deeply moving farewell.

The Teachings of Don Juan: A Yaqui Way of Knowledge was written by Carlos Castaneda and submitted as his Master's thesis in the school of Anthropology. It documents the events that took place during an apprenticeship with a self-proclaimed Yaqui Indian Sorcerer, don Juan Matus from Sonora, Mexico between 1960 and 1965. The book is divided into two sections. The first section, The Teachings, is a first person narrative that documents Castaneda's initial interactions with don Juan. He speaks of his encounters with Mescalito (a teaching spirit inhabiting all peyote plants), divination with lizards (by using a hallucinogenic powder rubbed on his temples to understand their language), and flying in animal form using the "Devil's Weed" (the datura plant). The second, A Structural Analysis, is an attempt, Castaneda says, at "disclos[ing] the internal cohesion and the cogency of don Juan's Teachings." [1] The story of a
