Way of the Wild Heart captures the six stages of a man's journey, from the beloved son, asking if he is treasured, through to the sage, passing on his wisdom to others. In his usual, gentle and honest, writing style, Eldredge takes us through these phases, introducing each, before highlighting the challenges to be overcome as we grow, in age, and in God.

But there is a way. "We aren't meant to figure life out on our own," says John Eldredge. "God wants to father us." In The Way of the Wild Heart, Eldredge reveals how God comes to a man and takes him on the masculine journey, how nearly all the events of a man's life can come together to provide the initiation he never received. And how parents can offer that initiation to their sons.

This is a book about how a boy?and a man?becomes a man. It's a guide to the process of masculine initiation, that ancient path every boy and man must take if they would become the man they long to be. The path whereby they come to know they are a man, and are able to live and love from a deep, centered strength. We live in a time where most men (and boys) are essentially fatherless. Whatever their circumstance, they have no man actually taking them through the many adventures, trials, battles and experiences they need to shape a masculine heart within them. They find themselves on their own to figure life out, and that is a lonely place to be. Their fears, anger, boredom, and their many addictions all come out of this fatherless place within them, a fundamental uncertainty in the core of their being. But there is a way. "We aren't meant to figure life out on our own," says John Eldredge. "God wants to father us." In The Way of the Wild Heart, Eldredge reveals how God comes to a man and takes him on the masculine journey, how nearly all the events of a man's life can come together to provide the initiation he never received. And how parents can offer that initiation to their sons. Whatever your age may be, your Father is ready to take up your journey. For you are his son.

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

A map for the masculine journey. Becoming the man God designed you to be, the man you long to be, and even dream of being, does not happen overnight. You know that. The path to manhood is a journey of discovery and experience, trial and adventure. In The Way of the Wild Heart Manual, John Eldredge and Craig McConnell come alongside those men who long to have a guide to lead them through this rite of passage, this masculine initiation. Filled with personal stories, illustrations from popular movies and books, and probing questions, this manual will set you on a heart-searching expedition to authentic masculinity through reflection, meditation, and experience. This vital companion to The Way of the Wild Heart is designed to help you know God as Father in a way you've never known him before. Guiding you through the six stages that all men must go through?the Beloved Son, the Cowboy Ranger, the Warrior, the Lover, the King, and the Sage?its discerning questions, key points, and exercises will help you discover the life that God intended for you as a man. Ultimately, this is a walk with God. Let your Father Show you the way.

This new translation of Clarice Lispector's sensational first book tells the story of a middle class woman's life from childhood through an unhappy marriage and its dissolution to transcendence. Near to the Wild Heart, published in Rio de Janeiro in 1943, introduced Brazil to what one writer called "Hurricane Clarice": a twenty-three-year-old girl who wrote her first book in a tiny rented room and then baptized it with a title taken from Joyce: "He was alone, unheeded, near to the wild heart of life." The book was an unprecedented sensation - the discovery of a genius. Narrative epiphanies and interior monologue frame the life of Joana, from her middle-class childhood through her unhappy marriage and its dissolution to transcendence, when she proclaims: "I shall arise as strong and comely as a young colt."

There is a path leading to authentic manhood, cut by men who have gone before us, sons following in the footsteps of their fathers, generation after generation. There are perils along the trail, even disasters?all the more reason to rely on the guidance of a Father who has gone before. But in an age when true fathers are in short supply, how do you find the path to manhood? How do you steer clear of the dangers? John Eldredge calls men back to a simple and reassuring truth: God is our Father. In life's trials and triumphs, God is initiating boys and men through the stages of manhood from Beloved Son to Cowboy to Warrior to Lover to King to Sage. Fathered by God maps out the path of manhood?not more rules, not another list of principles, not formulas, but a sure path men have followed for centuries before us. Find that path and become the man God sees in you.

02

Wild!untamed, hostile, remote. Yet, wild can be gentle, welcoming, and inspiring, too. This is the wild that preoccupies biologist Shankar Raman as he writes about trees and bamboos, hornbills and elephants, leopards and myriad other species. Species found not just out there in far wildernesses!from the Thar desert to the Kalakad rainforests, from Narcondam Island to Namdapha!but amid us, in gardens and cities, in farms, along roadsides. And he writes about the forces that gouge land and disfigure landscapes, rip trees and shred forests, pollute rivers and contaminate the air, slaughter animals along roads and rail tracks!impelling a motivation to care, and to conserve nature. Through this collection of essays, Shankar Raman attempts to blur, if not dispel, the sharp separation between humans and nature, to lead you to discover that the wild heart of India beats in your chest, too.

Every man was once a boy. And every little has dreams, big dreams, dreams of being the hero, of beating the bad guys, of doing daring feats and rescuing the damsel in distress. Every little girl has dreams, too: of being rescued by her prince and swept up into a great adventure, knowing that she is the beauty. But what happens to those dreams when we grow up? Walk into most churches, have a look around, and ask yourself: What is a Christian man? Without listening to what is said, look at what you find there. Most Christian men are . . . bored. John Eldredge revises and updates his best-selling, renowned Christian classic, Wild at Heart, and in it invites men to recover their masculine heart, defined in the image of a passionate God. And he invites women to discover the secret of a man's soul and to delight in the strength and wildness men were created to offer. John Eldredge is the director of Ransomed Heart

Can a ruse turn to romance? No one stands in doubt of Edith Donne's opinion on marriage--or of her ability to ward it off using nothing but her stinging wit. With the fortune her aunt has left her, Edith has no reason to marry and certainly no intention of it. When she inadvertently overhears that her lifelong archrival is in love with her, she is stunned, but she has no compunction in setting him straight. Elias Abram trusts no woman, but he can bandy words with the best of them--and Edith Donne is undoubtedly the best. Her razor-sharp tongue has been a constant companion and a welcome challenge since their prank-filled childhood days. But when Elias is given to believe that Edith is secretly in love with him, his world is flipped on its head, forcing him to reconsider everything he thought he knew. Soon realizing they have been duped by their conspiring friends, Edith and Elias resolve to turn the tables on them in the most shocking manner they can concoct--the ultimate revenge. But what's to be done when the lines between charade and reality begin to blur? My Wild Heart is a sweet Regency romance inspired by Shakespeare's classic Much Ado About Nothing.

From Wall Street Journal and USA Today Bestseller Vivian Wood comes a story about overcoming demons and opening your heart to love.
