can I write an xts object using write.csv in R - Stack ...

About. xts is an R package that provides an extension of the zoo class. zoo's strength comes from its simplicity of use (it's very similar to base R functions), and its overall flexibility (you can use anything as an index). The xts extension was motivated by the ability to improve performance by imposing reasonable constraints, while providing a truly time-based structure.

Here's a solution using the tidyquant package, which contains a function `as_xts()` that coerces a data frame to an xts object. It also contains `as_tibble()` to coerce xts objects to tibbles ("tidy" data frames).. Recreate the data frame (note that the date-time class is used in "tidy" data frames, but any unambiguous date or date time class can be used):
